
Promotion - All associate members are listed in AGC's annual membership directory with their contractor member counterparts. The directory is like the "yellow pages" of the construction industry, a valuable resource for those seeking construction products and services. *AGC Cornerstone* magazine offers advertisers the opportunity to reach a large audience of construction professionals. Sponsorships are also available for several events held throughout the year.

Programs & Services - All members have access to the AGC staff, which comprises industry experts who provide programs, information and assistance on virtually any construction-related subject. The AGC offers over 400 specialized publications and videos, standard industry contracts and some of the industry's finest management training programs.

Government Relations - Legislative and Executive Branch liaison to include all contracting and regulatory agencies that provide a market or affect the general contractor. An extensive legislation program is directed by a staff of registered lobbyists. Agency liaisons include OGS, Dormitory Authority, SUCF, EDC, Departments of Labor, Law, Tax, Environmental Conservation, Health, Economic Development, Transportation, and dozens of others.

Let Our Experts Help You!

ASSOCIATE MEMBERSHIP

*Why construction industry
suppliers and service providers
should join the AGC NYS, LLC.*

The New York State Chapter of the AGC of America.

Why Become A Member of the AGC NYS, LLC?

- Gain valuable knowledge of the construction industry.
- Keep your company up-to-date with construction industry trends, management practices, and market information.
- Have a reliable source of information to contact regarding construction issues.
- Access to 250 leading construction companies in New York State, and over 8,000 nationwide.

What is the AGC NYS, LLC?

The AGC NYS is the strongest advocate for the construction contractor in New York. No association does more to enhance the image of the general contractor and demonstrate the value of the contractor's work.

AGC Members are known to represent the skill, integrity, and responsibility of the industry. AGC Members are leaders in the construction contracting business.

As an AGC NYS Member, you support new project creation; increase your standing in the industry; enhance your company's profitability; and strengthen the voice of the construction contractors in New York State.

What is Associate Membership?

Companies that supply products and services to the construction industry are eligible for Associate Membership in the AGC.

Membership with the AGC NYS means automatic membership in the AGC of America, which has over 32,000 members nationwide.

Associate Members include some of the industry's most prominent accountants, attorneys, financial institutions, construction consulting and service companies, and insurance and surety companies.

What is the AGC of America?

Established in 1918, the AGC of America is the strongest and most widely respected construction association in the country and represents the interests of the entire industry. With over 32,000 members across the United States, ranging in size from small family-owned companies to large national and international firms, the AGC of America leads the way for the construction industry.

Membership Benefits

The benefits of being an Associate Member of the AGC NYS and AGC of America include:

Networking – Perhaps the greatest benefit of being an Associate Member of the AGC NYS and AGC of America is the opportunity for networking with Contractor Members at the local and national level. AGC NYS holds an Annual Membership Meeting during the summer, usually at a New York State resort, plus several regional membership meetings. A variety of seminars and forums also provide unlimited networking opportunities.

Information – AGC NYS keeps its Members up to date with everything that is happening in the construction industry through its news and information publications. These include the *AGC Connection* bi-weekly newsletters, the *AGC Cornerstone* magazine, and the building and highway division websites (www.gbcnys.agc.org, and www.agcnys.org). Associate Members of the AGC NYS will find the information provided to be an invaluable business resource.
