

STATE OF NEW YORK
EXECUTIVE CHAMBER
ALBANY 12224

KATHY HOCHUL
GOVERNOR

December 8 - 9, 2021

Dear Friends:

It is a pleasure to send greetings to everyone gathered for the 35th Annual Industry Conference of the Associated General Contractors of New York State (AGC NYS).

New York State is a leader in the global economy and home to major corporations and companies that generate jobs and opportunities for the building industry and related trades. A strong foundation for construction is critical to our future and we stand behind this business community with a commitment to investing in their growth and expansion.

One of the largest chapters of the Associated General Contractors of America, the AGC NYS represents general contractors and construction managers who provide quality products and services across this state, helping communities thrive as centers of commercial, economic, and cultural activity. This yearly meeting brings together your membership of professional builders and contractors for discussions related to the construction industry today, and its potential for the future. I join in recognizing the AGC NYS for their leadership and thank all of its members for their contributions to the industry. Best wishes for a productive conference.

Sincerely,

A handwritten signature in blue ink that reads "Kathy Hochul". The signature is fluid and cursive, with the first letter of each name being capitalized and prominent.

Kathy Hochul
Governor
