This program is a reprise of what was a very successful and well-received program at this year's AGC NYS Summer Meeting at the Sagamore. This panel of construction attorneys will discuss recent construction law cases of some notoriety – or infamy – for that matter. The group will delve into the significance of those cases to the industry in general and GC/CM's in particular. They will also explore what you need to know to deal with the ramifications of the cases.

A few of the topics will include:

- The “De La Cruz” case and what it means for the definition of “public work”
- Managing subcontractor change orders and payments in light of recent case law and the private work prompt payment law
- Avoiding missteps in Notice and Recordkeeping requirements

This program is a must for Executives, PM's and Superintendents

Please join us for this important breakfast seminar.
