

Emergency Medical Info Safety Sticker

Stick on hard hats – peel off when accident or emergency occurs.

Keep crucial emergency medical information within reach on the jobsite with AGC NYS's new Emergency Medical Information Safety Sticker.

The reverse side has all the pertinent information in case of accident or emergency. The outside has an easily recognizable "red cross" to alert EMT's or paramedics. Personal information is hidden when the sticker is applied to the hard hat. During an emergency, just peel the sticker to reveal the emergency medical information.

These labels are ideal for hard hats and wallets. Don't waste valuable time looking for medical information in paper files in the jobsite trailer. Now every one of your workers can carry emergency information with them wherever they go.

Personal information revealed only when sticker is peeled.
