The Good, the Bad & the Ugly: The Forecast for the Construction Industry

from Washington, D.C.9:00 a.m. - 10:00 a.m.
Jimmy Christianson, VP of Government Relations, AGC of America Bellvue

Public and private construction markets and firms have a lot to gain and lose from various construction investments and policies put forth by the president, Congress and federal agencies. What's real and not when it comes to infrastructure and building investments under debate? Will the greatest threat to union and open shop construction firms—the PRO Act—become law? What about government-mandated project labor agreement, local hire, registered apprenticeship requirements? How could climate change policies help or hurt your bottom line? Will your firm finally get its PPP loan forgiveness application approved by the SBA? Join AGC of America's Vice President of Government Relations Jimmy Christianson for answers to these questions and more.

Impacts of Legalized Marijuana in Construction 10:15 a.m. - 11:45 a.m.
Bellvue

The impacts of the legalization of marijuana will no doubt adversely impact construction industry employers, employees, and project owners. Join our panel of an AGC contractor member, human resources specialist and attorney as they discuss the legal ramifications employers are subject to under the legislation, job site impact, safety concerns and testing, general liability and other insurance issues and construction contract Issues.
