

**Thruway
Authority**

Memorandum

To: Mr. D. Scalzo
Mr. G. Marinopoulos
Mr. R. Radicchi
Mr. C. Whetstone

Date: March 20, 2020

From: Mr. R. Lee

Subject: COVID-19 Guidance for NYSTA
Construction Contracts

The New York State Department of Transportation (NYSDOT) recently issued guidance to the contracting industry regarding response to the COVID-19 pandemic. The Thruway Authority has decided to adopt the NYSDOT guidance as it applies to Authority contracts based on the Standard Specifications and the TA Addendum.

Attached is a copy of the NYSDOT guidance. Please share this information with Division Construction personnel as well as all consultants and contractors working within your Division.

The COVID-19 pandemic is unprecedented and our response to the virus remains fluid. Your efforts during this crisis are truly appreciated and as the situation changes we will communicate any changes to our response efforts as they become available.

Chief Engineer
