- \* PAYABLE TO EASTERN CONTRACTORS ASSOCIATION, INC. \***  
***PAYMENT MUST BE RECEIVED PRIOR TO ATTENDING THE FIRST CLASS***

Over the years, ECA has developed one of the most successful Supervisory Training Programs (STP) in the country...over two hundred Superintendent Courses since the inception of the program some 30-plus years ago, training over 3,500 local supervisors, tradespeople, and office personnel.

**Unit #1: Leadership and Motivation** is designed to enhance professional growth, whether you're an experienced construction supervisor or an aspiring leader. It focuses on the importance of effective leadership and will sharpen your skills in motivating and guiding others.

Takeaways of Unit #1 include:

- The Value of Project Leadership
  - Leading in Construction
  - Team Development
  - Motivating Your Team
  - Expectations and Accountability
  - Improve Your Team
- ❖ Leadership and Motivation is for Superintendents and foremen, people who aspire to become superintendents and foremen; people who work with superintendents and foremen; supervisors who work for subcontractors; field secretaries; owners, architects, and engineers; anyone who communicates with the job site.

If you have any employees who may be interested or if you would like additional information on the STP, please call or e-mail Laura Regan at ECA (518-869-0961 or [laurar@ecainc.org](mailto:laurar@ecainc.org)).

The Program has been developed by the Associated General Contractors of America. More than 200,000 individuals have participated in STP courses nationally. It was developed by contractors for contractors. Give it a look if you haven't already done so!
